

Commercial Submissions

powered by Vertafore

Deliver a game-changing experience for commercial quotes

Today, small commercial lines require a significant amount of manual effort for quote requests. Vertafore's Commercial Submissions solution enables agencies to save time and improve profitability on commercial quoting by offering multiple quotes in the time it takes to get one.

Features you need

Real-time quoting

Get instant pricing indications for small commercial lines from leading carriers. Cut the time needed to respond to clients and provide a more comprehensive quoting experience.

AMS360 & Sagitta Integration

Automatically pre-fill applications with customer data from your management system, saving you time on renewals and new business while improving accuracy.

Enhanced Appetite Engine

Have clear visibility into carrier appetite with our third-party integration, allowing you to target certain markets for your customers.

Accurate Risk Classification

Ensure pricing integrity with access to industry data sources NAICS, SIC, ISO and others within Commercial Submissions.

Some customers have seen success through

- Saving time by entering data only once
- Eliminating visits to multiple carrier websites
- Improved productivity and profitability on a process that used to take hours
- Accelerated sales and remarketing cycles

Lines of Business Supported by Commercial Submissions

- Commercial Auto
- Workers Compensation
- Business Owners Policy (BOP)
