

Easy submissions. Fast quotes. More sales.

Accelerate your speed to submission and make onboarding a breeze with a comprehensive, cloud-based platform that empowers MGAs through unique solutions built for their needs. With a fully configurable P&C agent portal and underwriting workbench, Surefyre offers a seamless experience for all.

Agent portal

A connected experience for retail agents to submit business, communicate with your team, and access key information. Streamline the onboarding process and integrate with other Vertafore solutions like MGA Systems and AIM to maximize support across the full policy lifecycle.

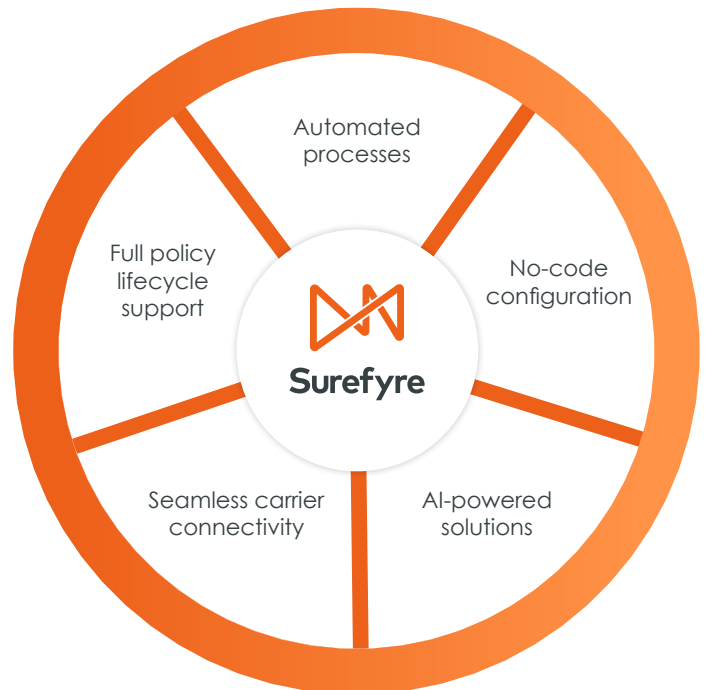

Enhanced operations and speed-to-market

A suite of custom tools and solutions tailor-made to boost efficiency and ease collaboration with carriers and agents.

- **Automated processes** to improve operations and save time.
- **No-code configuration** for optimal workflows and results.
- **AI-powered solutions** to help streamline submissions and risk selection.
- **Seamless connectivity** to carrier and third-party data sources for more informed decision making.
- **Full policy lifecycle support** for a reliable experience every time.

Underwriter workbench

Built for MGAs, our underwriter workbench automatically routes new business to the right people, sends prompt email notifications, and assigns tasks. Empower faster rating and quoting with all your data in one place plus easy connectivity to carriers and third parties.
