AMS360
powered by **Vertafore**

Check out this viewing guide for highlights from our First Quarter Product Update Video to see what happened in Q1 and what you have to look forward to in Q2.

Product updates

What happened in Q1

- Delivered 20 new capabilities in 2018R2, 9 of which were submitted by our AMS360 community

  - Merge two or more customers into one
  - Add to a single activity with new append activities
  - Combine multiple pages or forms into single PDF
  - New Dec Page enhancements
  - Add new employee personas

What to get ready for in Q2

- Another powerful release, 2019R1, with new and exciting updates
- More updates on Early Adopter progress with Proposals—planned for release before Accelerate

Additional Vertafore news

PL Rating and RiskMatch

- Our industry leading comparative rater, PL Rating, now provides an even more superior integration with our online management systems
- Our cutting-edge data and analytics solution, RiskMatch, is available—designed to help you identify cross-sell opportunities, rationalize relationships, and make sense of your agency

Investments in your success

Customer Communications

- Don't forget to sign up for our monthly newsletter, *The Radar*, if you don't receive it already. It contains pertinent information about everything AMS360—from tips and tricks to maximize productivity to best practices and key industry news.
- If you haven't seen them already, check out our Did You Know? video series to learn about the most underutilized features in AMS360, valuable integrations, and new features and capabilities that will help you succeed.

- NetVU Community

Last but certainly not least, make sure you **register for Accelerate, powered by NetVU**, in May in Cincinnati. This is your event to learn how to build a world-class agency, make the most of your insurtech investment, network with industry leaders, and cap it all off with an incredible party at Great American Ball Park, home of the Cincinnati Reds.
