What they're saying

"We have been users of FSC for over 20 years. We just moved over to PL Rating and are excited. PL Rater is quick, and we love the exporting that is much easier and faster. We have six (6) users who knew FSC inside out and were very reluctant to move over to PL Rating however it was a smooth transition, and everyone is up and running!!! Thank you to the PL Rating Team for helping us do this in one day!!!

**Wanda Robles @ Shaw, Moses, Mendenhall & Associates

The system is so easy to use. The new features that the rating system has really does save the agency time. One does not have to go into a separate cost estimator when quoting homes. It is right there for you. Another benefit, is being able to run SAQ. It saves us time by not having to correct the quote later and knowing which company to place the business with. It is truly a blessing for our office."

- In order to get your data moved, you need to initiate the “Quotes in the Cloud Feature” in FSC Admin
- It is a simple process that should not take more than 15 minutes
- If you have a network setup of stored quotes, only once
- If you have individual desktops, you’ll need to do each one

Step 1 – activate the account under FSC Rater Admin:

Cloud Storage

Your **Cloud Storage** account is now available. Click the button below to activate it. Once active, locally stored quotes will need to be uploaded to your Cloud Storage account before they can be accessed in FSC Rater.

Please Note: Once you have elected to activate Cloud Storage, this action cannot be undone.

To find out more, click [here](#).

By activating Cloud Storage you are agreeing on behalf of your organization to the terms and conditions set forth [here](#), incorporated herein by reference.

[Activate Cloud Storage](#) [Not at this time](#)

A message will appear that displays **Activated**.

Step 2 - Upload quotes to the cloud.

The screenshot shows the FSC Rater Admin interface. The main navigation menu includes 'Automobile', 'Homeowner', 'Motorcycle', and 'Condominium'. A 'Click Here' button is present with the text 'To find out more about your FSC Rater Upgrade.' Below this is a 'Download Updates' button. The 'Quote Management' menu is open, showing options like 'Delete', 'Upload Quotes to the Cloud', 'Funnel Analysis', and 'Quote Reports'. The 'Upload Quotes to the Cloud' option is highlighted with a red box. The 'Utilities' section also has 'Quote Management' highlighted with a red box.
